Susan,

Here's the staff markup of the study document.

Susan, I will ask Angela. We did one document and then reorganized it. We sent you the latest. If there is something else Angela will let you know. Thanks.

Hi Linda,

Thank you very much for providing Region 3's comments on the draft HF study plan. The Word file you attached says that there is a markup of the document (the study plan?) in addition to the Word file with the most significant comments, but I only received one Word file with your e-mail to Jeanne. Is there another file that I should have, too? I just want to make sure that I have everything from you. Please let me know.

Thanks,

Susan

Here are the comments on the Draft HF Study Design Plan from the Region 3 Water Protection Division and Environmental Assessment and Information Division. The RA may or may not have revisions but you can proceed with these comments at this time and we will update you if he has comments.
